### Creating Landscapes Diploma

University Diploma | Fully Online - Asynchronous

The Creating Landscapes Diploma will provide students with knowledge and skills in the theories and principles guiding meaningful landscape design and in the techniques used to create landscape drawings. The depth and breadth of student knowledge and skills will be expanded through practice, in particular, a Capstone Landscape Design Project that amalgamates many important aspects of design practice.

The Creating Landscapes Diploma is designed for:

- Landscape professionals wishing to develop or improve design skills
- Homeowners wanting a better understanding of the design and function of their landscape environment

Benefits ...

### Sterile Supply Processing

College Certificate | Fully Online - Asynchronous

Graduates of this part-time program will acquire the knowledge and skills for career opportunities in hospitals, surgical centres and health care settings related to the sterilization, preparation and storage of equipment, instruments and supplies. Students will learn critical techniques in safe handling of instrumentation, infection control and aseptic techniques. All theory courses are online.
